

Annual Membership Meeting

Proudly Presents

Honorable U. S. House of Representative Ed Case
Keynote Speaker

CHINA Opportunities & Challenges
The role of the Federal Government

For many years, both Hawaii Public and Private Sectors Enterprises have spent millions taking trips or business delegations to China for bilateral trades in the areas of tourism, education, technology and various forms of investments. As many have found out not working within the boundary of the United States government national security policy and requirements could mean waste of time and resources. You may want to find out how to avoid such costly mistakes!
